

Why choose ‘Canopy’s Edge’?

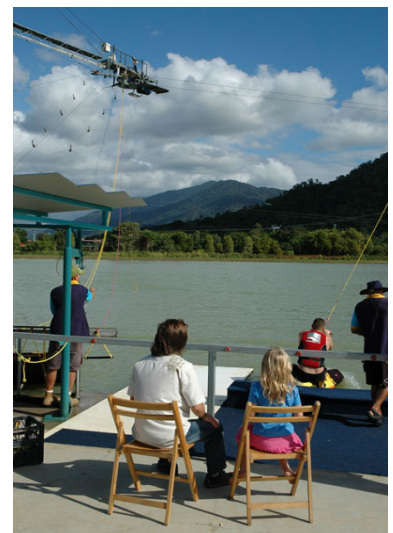

You’re looking for a new place to live, and nothing you’ve seen so far entices you to take that final step of signing the contract?

You want something different, something new, something hi tech, with easy access to all the fruits of civilisation, but without the city life hassles of noise and haste. Somewhere where you know you will be happy for a very, very long time.

Look no further!

Canopy’s Edge Estate lies nestled in the foothills, backing right on to state forest, and then the Barron Falls National Park, while its front boundary is the Kennedy Highway. On the opposite side of the highway are all the trappings of a civilised world, shopping experiences, medical facilities, childminding, even a tavern at the end of a long day. Your nearest neighbour is the Skyrail Rainforest Cableway[®]. You are an owner and part of a unique pocket of residential development.

On your estate, walk to Cable Ski Cairns – it’s part of your world. What a playground for young and old alike! Skiing in Cairns has really come of age – and all age groups have taken to it – like the proverbial ‘duck to water’. Make it a regular outdoor family activity. Teenagers become absorbed in this exciting outdoor sport and never experience boredom as they demonstrate their new found skills. You may choose, from the convenience and comfort of your home, to watch the activities on the lake on closed circuit TV. What better way to keep a watchful eye on your independent children and see them achieve their goals? What better way to keep up with what’s happening around your home?

What's the outlook? From your home, can you see mountains, rainforest or ocean? Some lots score 100 percent, and have all three, but wherever you live on the estate, the views delight the eye. Bordered by mountains, you are able on any day to experience an eagle's perspective. Just take a trip on the Rainforest Cableway to have an aerial view of your property. Imagine being able to email that image to your family and friends! The hi-tech broadband and cable TV in your home, which is linked as soon as you are ready to move in, means that you can reach anywhere in the world in a matter of moments. Communication has never been easier.

Why hesitate?

Canopy's Edge, truly 'head and shoulders above the rest' – can be yours.
